AGRICULTURAL SHOW

Formally Opened this Afternoon by Lieutenant-Governor Nelson.

A Full and Accurate List of Prizes Awarded to Competitors.

The grounds near Beacon Hill were thrown open to the public at 9 o'clock this morning. On glancing through the Show it was seen that preparations were almost complete for the formal opening, which was set for 2 o'clock this afternoon. The work of the judges was nearly finished, and it was evident that the exhibition was not nearly as successful in the number of entries for the different events as in former years. Although the Honorary Secretary, Mr. C. E. Benoit, was most willing to furnish information, it was found nearly impossible to get a correct list of prize winners. The officers are most indefatigable in their efforts to make the exhibition a success, and it is to be hoped that they will receive the patronage and support which such a worthy institution deserves.

Shortly after 2 o'clock this afternoon, His Honor Lieut.-Governor Nelson, accompanied by Mrs. Nelson, Miss Glenny Anderson and Private Secretary Stanton, drove into the grounds. The fine band belonging to C Battery was present and played "God Save the Queen," whilst the officers of the Agricultural Society were presented to His Honor, and Mrs. Nelson by the President, Mr. D. W. Higgins. The party were accompanied to the raised platform, at the rear of the hall, by the officers of the Society. Col. Holmes and officers of C Battery, in uniform, accompanied the party.

The President then said it was his pleasing duty to introduce His Honor the Lieutenant Governor, who had been invited to open the British Columbia Agricultural Exhibition. He would not detain the ladies and gentlemen present with any lengthy remarks, but would present to His Honor the Programme, Rules and Regulations of the B. C. Agricultural Society. The President then proposed three cheers for Lieutenant-Governor Nelson, which were given with a will.

His Honor said he knew all were anxious to see the exhibits and he would not detain them with a lengthy speech. He then declared the British Columbia Annual Exhibition formally opened.

During the afternoon about 1000 persons visited the grounds. The band belonging to C Battery enlivened the proceedings with choice selections of music.

At four o'clock the horse races took place on Beacon Hill, and were witnessed by a large number of people. The lacrosse match between Victoria and Vancouver teams also took place on Beacon Hill. The equestrian prizes were not competed for on account of no entries.

This evening the grounds will be illuminated with electric lights, and a promenade concert will be given by C Battery Band under the leadership of Prof. Agius.

The election of officers for the ensuing year will take place at the City Hall at 7 o'clock this evening.

PRIZE LIST.

DURHAMS.

Best bull three years old and upwards, J S Shopland. Bull two years old, Tolmie estate; 2nd, E Hodgson. Bull calf, Tolmie estate. Bull of any age, Tolmie estate. (Continued on 2nd page.)

VANCOUVER NEWS.

Entertaining Strangers--Funeral--The Steamers--Personal, Etc.

From our own Correspondent.]

Vancouver, B. C., Oct. 5—The city was enveloped in a dense fog this morning, but it soon disappeared before the warmth of the rising sun.

The Wilson Hall is to be lighted by electricity instead of gas, in a few days.

The Vancouver Social Quadrille Club purpose holding their first dance of the season in the Wilson block on Wednesday, the 10th inst. A pleasant time is anticipated.

The steamer Rainbow arrived from Victoria at 3 p. m. yesterday, with a large consignement of local freight.

The steamer Premier arrived from Seattle and other Puget Sound ports at 6 o'clock last evening. She had on board a large number of passengers and a quantity of freight.

Last evening Mrs. McLean, wife of ex-Mayor McLean, tendered a social reception to a party of missionaries who are at present in the city, *en route* to China, under the patronage of the Rev. Dr. Hudson Taylor, of the Chinese Inland Mission. The local clergy, with their wives and a number of lady friends, aided Mrs. McLean in the pleasing entertainment of her friends. The evening was spent with music and sprightly conversation. Having fully enjoyed the warmth of Mrs. McLean's hospitality, the party retired, more than delighted with the kindness they had received.

The Methodist Hall was attended last evening by a large number of ladies and gentlemen, who assembled to listen to an address by the Rev. Dr. Hudson Taylor, founder of the Chinese Inland Mission, whose history was narrated in very terse language. The speaker rivetted the attention of the audience whilst he related in thrilling terms his experience in the land of the Mongolians. He then called upon the accompanying missionaries to testify to their resolution to devote themselves to their Master's work in the home of the heathen Chinese.

About half past ten this morning the mortal remains of the unfortunate Henry Hall were conveyed from the morgue to their last resting place in the city cemetery. The body was enclosed in a beautiful casket and borne in a suitable hearse. His fellow workmen who were engaged on the trenches all laid down their tools and forming a long column two deep, marched in solemn procession to the grave. It was a sad and touching sight, and one which could only be seen in a western town, to see how devotedly those hardy workmen, clay-soiled and in shirt sleeves, paid their last respects to the body of their departed friend.

The steamship Batavia sails for the Orient to-morrow, under command of Capt. Auld, late captain of the Dundee. Captain Walton, the Batavia's late commander, returned to England via Hong Kong.

H. A. Anderson, our jovial and very popular real estate agent, returned from the east to-day, where he has been for the past two months visiting his friends. A host of Bob's friends gathered at the station to bid him welcome back to Vancouver. He looks well and says he enjoyed his trip immensely, but still he feels delighted to get back to Vancouver, which is the most promising place he has seen since he left.

To day's train arrived on time with a large number of passengers, many of whom took boat for Victoria.

FROM NEW WESTMINSTER.

The Scotchmen Take a Holiday—List of Prize Winners

Special to THE TIMES.]

New Westminster, Oct. 5—The annual Scottish gathering took place yesterday and was the most enjoyable affair of the kind that ever took place in the Royal City. The weather was delightful, and a goodly number from Vancouver and other parts of the district were present. Five pipers were in attendance. The following programme was successfully carried out: Putting the heavy shot, D H Cameron, 1st, 39 feet 9 inches; John Murray, 2d, 37 feet 7 inches. Putting light shot, D H Cameron, 1st, 49 feet 2 inches; J A Murray, 2d, 44 feet 11 inches. Throwing heavy hammer, D H Cameron, 1st, 100 feet 6 inches; D. S. McLeod 2d, 98 feet 3 inches. Throwing light hammer, D H Cameron 1st, 136 feet 9 inches; D S McLeod 2d, 121 feet 11 inches. Tossing the caber, Alex Roe 1st D H Cameron, 2nd. Sword dance, J A, Murray, 1st; J McIntosh, 2nd. Highland fling, J A Murray, 1st; Wm Ross, 2nd. Highland reel, Mrs McLennan and Miss Read. Bagpipe music, N Carmichael, 1st; Norman Campbell, 2nd. One hundred yards race, Murphy, 1st; Roe, 2nd. Boys race, under twelve years of age, T. Neil, 1st; Wm Eyles, 2nd. Little girls race, Massie McPherson, 1st; Millie Scott, 2nd Consolation race, little girls, Miss McMurphy, 1st; Addie Ewen, 2nd. Running long leap, A Roe, 1st; D S Gray, 2nd. Running high leap, Roe, 1st; Hazelton, 2nd. Standing long leap, Roe, 1st; D H Cameron, 2nd. Standing high leap, Roe 1st, D S Gray 2nd. Vaulting, Roe and Eickhoff a tie. Three-legged race, Murphy and Roe 1st; Murray and McLeod tied with Bradbury and Peele for 2nd. The proceedings throughout were conducted in fine propriety, and everybody enjoyed themselves immensely.

A ball given in Odd Fellow's Hall in the evening was equally as successful as the event of the day. Seventy-five couples were present, and everything connected with it was in first-class style.

WHY IS IT?

TO THE EDITOR OF THE TIMES:

SIR,—Can you inform me why it is that while several parties have lately been heavily fined for making slight alterations on wooden buildings, within the fire limits, that a certain wooden store, not far from the City Hall, has had a new front put in, and we hear nothing about it? Surely the fact that it belongs to one of the City Fathers has not prevented the authorities from taking any action.

OBSERVER.

Victoria, October 3.

Football Match

The Nanaimo Rovers arrived on this afternoon's train and are staying at the Occidental Hotel. The game to-morrow afternoon will be a most exciting one and will attract a large concourse of people. A large amount of money is staked on the result.

Children Cry for Pitcher's Castoria.

THIS DAY'S NEWS.

The Great Whitechapel Mystery and Bloodhounds--Senator Sherman Speaks.

Politics in the East--The New Senator for Cariboo--Fiendish Crime in Galt.

London, Oct. 5—The American arrested on suspicion of being the Whitechapel murderer has been released, the police concluding they can't connect him with any of the murders.

The following story, cabled from New York, has increased the excitement regarding the Whitechapel crimes. Geo. M. Dodge, a seaman, thinks he knows the perpetrators of the murders in London. He arrived in London on August 13th and went to the Queen's Music Hall on High street, a popular resort, where he met a Malay cook called Alaska, who said he had been paid a few days before two years wages, amounting to more than $500. He purchased clothing and a fine gold watch, and on going into Whitechapel district, Alaska said he had been robbed of all he had by a woman with whom he had become acquainted. Dodge says that in his presence the Malay threatened that unless he found the woman and recovered his property from her he would murder and mutilate every Whitechapel woman he met.

CAPTAIN SUSPENDED.

San Francisco, Oct. 5—The British Consular report of the enquiry into the case of Capt. Pemell, of the British ship Respigaders, which ran aground on the reef at the entrance to San Pedro harbor on Wednesday of last week, and became a total wreck, has found the captain guilty of negligence and suspended his certificate for three months.

SHERMAN ON ANNEXATION.

Washington, Oct. 5—Senator Sherman said last night that while he thought Canadian annexation necessary and inevitable, he did not believe Canada was ready. He was of opinion that the President's retaliation measure would not help neither annexation nor commercial union. Should Canada in time resort to retaliation measures, it would stop their trade. Union would be more valuable to Canada than to the United States.

A RAILWAY CONFERENCE.

St. Paul, Minn, Oct. 5—Henry Villard, Charles Francis Adams, and Thos. F. Oakes were tendered a banquet last night by the business men of St. Paul. A conference of the officers of the Northern Pacific and lines tributary to it will be held to-morrow.

WOMAN TO BE HANGED.

Medina, Ohio, Oct. 5—Mrs. Mary L. Grott was sentenced to-day to be hanged on the 24th January for murdering her two demented step-daughters. She saturated the room in which the girls were sleeping with coal oil, and filled it with kindling and dry leaves to which she set fire.

MURDERER HANGED.

Bridgeport, Conn., Oct. 5—Phillip Palladoni, the Italian who murdered his brother in cold blood on June 22nd, was hanged here this morning.

CORONER'S INVESTIGATION.

San Francisco, Oct. 5—Coroner Stanton began the examination of the jurors drawn to investigate the cause of the death of David Donohue, who was killed in the rooms of the Republican county committee during the shooting that occurred there after the primary election.

SCHOONER RUNS ASHORE.

San Francisco, Oct. 5—The schooner Elsie Iversen, which left here yesterday afternoon for Point Arena for lumber, ran ashore at Drakes Bay in a fog this morning.

CAPTAIN DIES AT SEA.

New York, Oct. 5—Captain Benjamin Gleadell, of the White Star steamship Germanic, died on board from apoplexy one day out from Queenstown. His body arrived on the Germanic this morning and will await cable instructions from relations.

THE FEVER.

Jacksonville, Fla., Oct. 5—Up to noon to-day there were three deaths and 38 new cases of fever (whites). The doctors are much pleased at the decrease of the epidemic and say all patients are doing well.

AWFUL EXPLOSION.

A terrific explosion of accumulated gas in the new water works tunnel early this morning in the main shaft down 95 feet. The explosion occurred in that part of the tunnel leading out under the lake. Five men were terribly burned and were taken out dying.

WHITECHAPEL MURDER.

London, Oct. 5—Charles Warren, chief of the metropolitan police has decided to employ bloodhounds to discover the perpetrators of the Whitechapel murders.

ROUGH WEATHER.

London, Oct. 5—There has been violent storms in the North Sea and several fishing smacks which have arrived at English ports, report the loss of some of their crews by having been washed overboard.

BLAINE SICK.

Detroit, Oct. 5—Blaine is ill at General Algar's residence here. His ailment is apparently only a severe hoarseness. He is confined to his room this morning, unable to keep his appointment at Saginaw.

THE WHEAT MARKET.

Chicago, Oct. 5—There appears to be no check to the upward movement in wheat. Oct. advanced 4½c, this morning closing at 114, Nov, 5 cents, closing at 116, and December 4½c, closing at 117¼.

New York, Oct. 5—The wheat market was not so strong this morning. November declined ⅜ cent and closed at 112½. December at opening sold ½ cent better than last night's figure, 114¼ and at noon, 766⅜ was asked for it.

Liverpool, Oct. 5—Wheat easy, demand poor; California, 8½ shillings.

New York, Oct. 5—Wheat, Nov, 112½, Dec. 116¾, and May 120.

An Invitation

Is extended to all our customers to call and inspect our latest fall importation of woolens from European markets. Having secured at great expense the services of Mr. Wm. Sheeir, late of Boston, Mass., a competent mechanic, to act as foreman for us we are now prepared to turn out work second to none on the North Pacific Coast. A. GRNOD & SON, Artist Tailors, 42 Yates street. *2w

New Goods.

We have just received the largest and finest lot of Electro-plated ware and solid silver jewelry, we ever imported.

LANGLEY & Co. *

POLITICAL DOINGS.

Elections and Nominations--James Reid, Cariboo, Made a Senator.

Special to THE TIMES.]

Ottawa, Oct. 5—The Liberal Conservative Workingmen's Association are arranging to banquet Chapleau for his efforts in electing a labor candidate in Montreal East.

It is announced that at a meeting of the Cabinet, James Reid, M. P. for Cariboo, was appointed to the Senate, to fill the vacancy existing since Hon. Hugh Nelson was appointed to the Lieutenant-Governorship.

A. W. Ross left for his home at Vancouver, last night.

Almonte, Oct. 5—W. C. Caldwell, Liberal, was elected to the local legislature by acclamation, for North Lanark yesterday.

Harrowsmith, Oct. 5—Hugh Smith, Conservative, Thos. Clark, Liberal, and R Patterson, Independent, were nominated to contest Frontenac for the legislature.

Warkworth, Oct. 5—Dr. Willoughby, Conservative, and C. A. Mallory, Liberal, were nominated yesterday for the vacancy in East Northumberland, in the legislature.

EASTERN PROVINCES.

Fiendish Attempt to Poison--A Close Shave--Price of Wheat.

Special to THE TIMES.]

Toronto, Oct. 5—J. C. Mee't and H. Madill, from Scotch township, blew out the gas in their room in the Albion hotel on Wednesday night. The doctors spent most of yesterday in resuscitating them. Their's was a very close shave.

Brandon, Oct. 5—Wheat touched a dollar and eight yesterday, the highest price in the history of the province.

Quebec, Oct. 5—The millionaire Ross died inte tate.

Galt, Oct. 5—Mrs Jno Cherry, Miss May Lowell and Mrs. J. Sidley, each received a package from the post office yesterday, postmarked Toronto, containing chocolate creams. Mrs. Cherry got hers first and after opening it gave chocolates to three children. All were soon taken sick. The symptoms were strychnine poisoning. The youngest, aged three died, the other two may recover. The other ladies did not get their packages till the nature of the contents had been discovered. There is no clue to the fiendish sender.

FROM WINNIPEG.

Railway Commissioner Martin Talks of Retaliation on the C. P. R.

Special to THE TIMES.]

Winnipeg, Oct. 5—Railway Commissioner Martin was interviewed yesterday on the opposition made by the C. P. R to the R. R. V. R. crossing its branch. He said the time had evidently come for the province to retaliate on the C. P. R. The latter seemed to have no decency at all since, after getting fifteen millions from the country for relinquishing a doubtful monopoly right, they sought to prolong the monopoly by legislation that was clearly *ultra vires*. The C. P. R now enjoys exemption from taxation by the province. That exemption will be cancelled. As to the railway committee of the Privy Council, no matter what their decision may be, the province's road will cross the C. P. R. wherever necessary, and any appeal to the courts will be fought out by the Imperial Privy Council.

A school for the deaf and dumb will be opened at Winnipeg under the auspices of the provincial government. There are computed to be 75 deaf mutes in Manitoba.

Ross & Onderdonk, of Hudson Bay road notoriety, have offered the Greenway government to complete a line to Hudson Bay for a guarantee of two and a half millions, provided they are given the Northern Pacific contract.

BASEBALL TOURNAMENT.

James Bay vs Maple Leafs—James Bay Wins.

At 10:10 o'clock this morning the James Bay and Maple Leaf clubs met on Beacon Hill to compete for the prize offered by the B. C. Agricultural Society. The James Bay club played a fine game, although errors were made by Deasy, Gouge, Widdowson, Sullivan and Hannan. The pitching of Jackson for the Bays was good, but was surpassed by Pierre, who struck out 16 men. The catching of Hannan and Haggart was also most commendable. The score stood as follows:

JAMES BAY.

	TS.	R.	PO.	A.	E.
Deasy	4	2	0	0	1
Gouge	5	3	0	0	1
Widdowson	5	0	2	0	1
Jackson	5	2	5	9	0
Sullivan	5	1	1	0	1
Mallendaine	4	0	0	1	0
Naylor	4	0	0	0	0
Franklin	4	0	2	2	0
Hannan	5	0	0	0	1
	41	10	27	10	5

First base on errors, 8; struck out, 8; left on bases, 8; two base hits, 1; home runs, 3; passed balls, 2; flies caught, 6; fouls caught, 1.

MAPLELEAFS.

	TS.	R.	PO.	A.	E.
Clyde	4	1	1	2	2
Buckingham	4	1	2	1	1
Dauphine	4	0	0	0	2
Haggart	4	1	15	2	1
Jackson	4	0	0	0	0
Cox	4	0	0	0	0
Meldrum	4	0	6	0	2
Pierre	4	0	0	16	2
Evans	4	0	0	0	1
	36	3	24	21	11

Bases, 2; base hits, 0; home runs, 0; wild pitches, 1; flies caught, 2; fouls caught, 2.

To-morrow morning the James Bays will attempt to wrest the championship from the Amities. Game will be called at 9:30 o'clock. A splendid game is expected, as the James Bay team is in good practice.

LACROSSE MATCH.

Victorians Ahead—Game to Last for Two Hours.

At 3:10 o'clock this afternoon the Victoria and Vancouver Lacrosse teams faced each other on Beacon Hill. About one thousand persons were present when the game commenced and from the start it was noticable that the Vancouverites were stronger, whilst the Victorians appeared weaker that on former occasions. The match will last for two hours and it is doubtful whether a report of the result will reach this office before going to press. The first game was a most exciting one and lasted for 35 minutes. The Victorians succeeded in putting the rubber through their opponents goal and have one game in their favor.

LATER.—4:20 p. m.—The Vancouver team won the second game in eight minutes, making one goal for each team.

4:30 p. m.—Vancouver took the third game in 10 minutes. The probabilities are that Vancouver will win the match.

4:40—Victoria captured the fourth goal in 50 seconds.

CAPITAL AND LABOR.

Again does the advocate of a one-man monopoly repeat his twaddle about the advantages of capital in support of the workingman. Our morning contemporary vainly endeavors to force our workingmen to believe that in a few months they all will become capitalists, and will, in their turn, grind down their fellow-beings the same as many other capitalists all over the world. This kind of taffy is sweet, but it sticks too much to the teeth and is not easily swallowed. No need to tell our workingmen that "their noses would be kept to the grindstone" were the theory advocated by us carried out. The noses of our workingmen are at present kept hard and fast to the grindstones of the land-grabber and coal and railway monopolist. The Colonist goes far from the point in question when it repeats that nonsense about "eastern despots." We have western despots worse if anything than those of the east. We have our Pasha of many tails, Old King Coal, who follows and carries on the practices of his Eastern brother in more ways than squeezing the hard-earned money out of the pockets of honest labor. True, the workingmen can easily make one dollar two by a very simple rule of arithmetic peculiar to the country, *i. e.*, if he obtains an entrance into the charmed ring of monopolists and corruptionists over in the Government buildings, James Bay. That's just the place where the doctrines put forth by us would place the workingman. We advocate that he should be well and truly represented in the legislature of the country; having a voice in the Government he would soon end the spoils system and put a stop to monopoly. As we before repeated, capital has its duties; it is a trust which, if used well and for its legitimate purpose, for which the giver of all good intended it, will tend towards the general prosperity of the commonwealth. As it is used here, in this small community, it only helps the concentrating of unholy power and desires in the tyrannical hands of one man. Our ministers of the gospel, those true to their Master's teachings, voice daily from our pulpits; they neither preach anarchy, socialism, or communism, but the words of him who is the hope of our salvation, who said, "go sell all that thou hast and give to the poor," and "it is easier for a camel to pass through the eye of a needle than for a rich man to enter the kingdom of Heaven." If our one man monopolist has an inclination to use his talents for their proper purpose, let him follow the teachings of the Prince of Peace, or those of older lands in whose hands capital became a blessing to the hard working and industrious. The Brights, the Pearces and the John Crosseleys are sufficient examples.

In all likelihood there will be an election to return a member for the city of Victoria to the local legislature. Let our workingmen organize, for union is strength, and show to our Cæsars that they are true to themselves at this critical point in the struggle against tyranny and monopoly.

CARIBOO DISTRICT.

The appointment of Mr. JAMES REID, M. P. for Cariboo, to the vacancy created in the mainland Senatorial representation a few years ago, by the elevation of Hon. HUGH NELSON to the Lieutenant-Governorship, will give very general satisfaction. Mr. REID has represented Cariboo continuously since March, 1881, when he was first elected by acclamation. Although nominally a Conservative, he has never shown himself a partizan. Miners are proverbially liberal in politics as in other things, and as representative of a mining constituency Mr. REID has—although supporting a Conservative government—repeatedly shown that he thought more of country than he did of party. As a Senator, if he will only eschew partyism and vote untrammelled by the remembrance that he owes his position to Sir JOHN MACDONALD, he will be doing his whole duty to his province, and at the same time he will be assisting in pulling the poor old partisan Senate out of the rut into which it has unfortunately fallen. A Senator can afford to be independent and honest; and we will confess ourselves very much mistaken in the "honorable gentleman from Cariboo" if he does not in his new sphere of usefulness speak and vote in the interest of the Province and the Dominion, regardless of the tyranny of party.

A successor will be elected in place of Mr. REID, and doubtless as soon as the writs can be issued. Messrs. ROBERT MCLEESE, M. P. P., of Soda Creek, and FRANK BARNARD, jr., of this city have already announced themselves as candidates. Dr. WATT, Barkerville, will not enter the field. The two gentlemen named are well known, especially the former, who has spent the best years of his life in assisting to develop the interior of the province. He has represented the district in the local house for several sessions, and at the late election was returned with an increased majority, standing second out of nine candidates. Mr. BARNARD is a young man, who possesses ability for the position, and as head of the B. C. Express Co., has interests in the interior. Non-residence, age, and meagre acquaintanceship with the electorate of the extensive and important district he aspires to represent, will place him somewhat at a disadvantage in comparison with his opponent; nevertheless he will poll a good vote. No doubt both gentlemen, and possibly others who have not yet been heard from, will immediately issue addresses defining their views on the leading questions at least. We shall await these manifestoes with interest, for we are nursing the hope that one, and perhaps both, will unfurl a banner with this device, "Canada and British Columbia first, last and all the time—partyism never." That is the sort of platform that will be adopted by the people of this province, who have nothing to gain and everything to lose in irredeemably allying themselves to either political party of the east.

A special telegram to THE TIMES from Almonte, Ont., says that W. C. Caldwell was elected there by acclamation yesterday, to the Ontario Legislature, a vacancy having occurred through the death of the former member. An election by acclamation in North Lanark is an extraordinary thing, for, since confederation days or immediately thereafter, there has been a bitter fight between the two parties at every election. The majorities on either side have varied from 28 to 282, and although victory has generally perched on the liberal banner, it was never assured before the battle was fought. The election by acclamation is simply a tribute to the popularity of the Mowat Government, and an admission by their opponents that they do not consider that it would be in the interest of the province to turn it out. It is a peculiar fact that, generally speaking, legislatures in Canada are liberal while the Federal Government is conservative and reactionary. British Columbia enjoys the distinction of possessing one of the two Conservative Governments in the Dominion, although, when one considers why members are conservative, the distinction cannot be considered a creditable one. Our politicians, like a section of the press, are too generally influenced by mercenary considerations, and "support the Government," because they entertain a lively sense of favors to come. The press of the province will not wheel about quicker when the present government is defeated than will the so-called "conservative" members of the Commons from British Columbia when the conservative party is known to be in a minority. The celerity of the transformation in both cases will be simply astounding.

CITY AND PROVINCE.

—Ice Cream at Steitz's.

—Kurtz's Jubilee Cigars are now ready

—Oysters and Turtles at Poodle Dog.

—Dr. Morrison has removed to Moody's Block, 76 Yates street, up stairs. 1m *

—Hard and soft corns cannot withstand Holloway's Corn Cure; it is effectual every time. Get a bottle at once and be happy. *

—As an anodyne expectorant, Ayer's Cherry Pectoral is prompt in its action. It checks the advance of disease, allays all tendency to inflammation and consumption, and speedily restores health to the afflicted. *

—The name used by a Chinese witness in the McLean note case, heard in the Police Court on Tuesday last, was misunderstood. The witness was understood to mention the name of Ned Ebain, and that gentleman very naturally feels annoyed that he should have been connected with the affair. The Chinaman said "Ned, there." The similarity of sounds accounts for the confusion of names.

—There is no Evaporation or Deterioration in strength about Dr. Thomas' Electric Oil. The ingredients of this incomparable anti-rheumatic and throat and lung remedy are not volatile, but fixed, pure and imperishable. Pain, lameness and stiffness are relieved by and it may be used with equal benefit externally and internally. *

—Persons of Sedentary Habits, the greater part of whose time is passed at the desk, or in some way bent over daily tasks, cramp the stomach, weaken its muscles, and incur dyspepsia early. Their most reliable and safest medicinal resource is Northrop & Lyman's Vegetable Discovery, the Great Blood Purifier, and which is especially adapted to Indigestion, Biliousness, Constipation and Poverty or Impurity of the Blood. *

—Jos. Beaudin, M. D., Hull, P. Q., writes: Dr. Thomas's Electric Oil commands a large and increasing sale, which it richly merits. I have always found it exceedingly helpful; I used it in all cases of Rheumatism, as well as fractures and dislocations. I made use of it myself to calm the pains of a broken leg with dislocation of the foot, and in two days I was entirely relieved from pain." *

—Mr. C. E. Riggins, Beamsville, writes: "A customer who tried a bottle of Northrop & Lyman's Vegetable Discovery says it is the best thing he ever used; to quote his own words, 'It just seems to touch the spot affected.' About a year ago he had an attack of bilious fever, and was afraid he was in for another, when I recommended this valuable medicine with such happy results." *

(Continued from 1st page.)

POULTRY.

Geese, trio, S Booth. Ducks, trio, E Charley; 2nd, Jubilee Ranch. Best trio Spanish, W Dean. Trio Dorkings, H Simpson. Trio Brahmas (light), R Merritt. Trio Brahmas (dark), Wm. Dean; 2nd, R Merritt; Trio white Cochin, J B Carmichael. Trio Leghorns (white), Jas Flett; 2nd, Jas Flett. Trio Leghorns (dark), W Dean; 2nd, H Short. Trio Plymouth Rock, C E Remonf; 2nd, J W Flett. Columbia Milling Co, assortment flour. Miss Lindsay, child's dress. Geo Crowther, engravings. C H Harris, dried fruit, and design of a drier.

AYER'S PILLS. Sugar-Coated Cathartic

If the Liver becomes torpid, if the bowels are constipated, or if the stomach fails to perform its functions properly, use Ayer's Pills. They are invaluable.

For some years I was a victim to Liver Complaint, in consequence of which I suffered from General Debility and Indigestion. A few boxes of Ayer's Pills restored me to perfect health.—W. T. Brightney, Henderson, W. Va.

For years I have relied more upon Ayer's Pills than anything else, to

Regulate

my bowels. These Pills are mild in action, and do their work thoroughly. I have used them, with good effect, in cases of Rheumatism and Dyspepsia.—G. F. Miller, Attleborough, Mass.

Ayer's Pills cured me of Stomach and Liver troubles, from which I had suffered for years. I consider them the best pills made; and would not be without them.—Morris Gates, Downsville, N. Y.

I was attacked with Bilious Fever, which was followed by Jaundice, and was so dangerously ill that my friends despaired of my recovery. I commenced taking Ayer's Pills, and soon regained my customary strength and vigor.—John G. Pattison, Lowell, Nebraska.

Last spring I suffered greatly from a troublesome humor on my side. In spite of every effort to cure this eruption, it increased until the flesh became entirely raw. I was troubled, at the same time, with indigestion, and distressing pains in

The Bowels.

By the advice of a friend I began taking Ayer's Pills. In a short time I was free from pain, my food digested properly, the sores on my body commenced healing, and, in less than one month, I was cured.—Samuel D. White, Atlanta, Ga.

I have long used Ayer's Pills, in my family, and believe them to be the best pills made.—S. O. Darden, Darden, Miss.

My wife and little girl were taken with Dysentery a few days ago, and I at once began giving them small doses of Ayer's Pills, thinking I would call a doctor if the disease became any worse. In a short time the bloody discharges stopped, all pain went away, and health was restored.—Theodore Ealing, Richmond, Va. ††

Ayer's Pills,

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass.
Sold by all Dealers in Medicine.

EXTRACTING GOLD.

A New Process of Chlorinating by Hydraulic Pressure.

Mr. J. Holms Pollock, B. Sc., Glasgow, has, after several years of research, recently patented an interesting invention for the extraction of gold from the ore, and recently a number of press representatives were present by invitation in the chemical laboratory of Glasgow University to hear him explain his discovery. Mr. Pollock illustrated his remarks by a series of experiments which showed the process to be simple and effective and easily understood, even by those not conversant with chemistry; while it has all the qualities likely to make it easily carried on by unskilled workmen under the direction of one competent man.

The process is an improvement on former methods of chlorination under pressure, the ore being first roasted, then chlorinated under hydraulic pressure, the gold, which is thus rendered soluble, being dissolved, and precipitated by ferrous sulphate, collected, dried, and fused into bars. The special feature of the process is the manner of chlorinating under hydraulic pressure, which enables the chlorine to extract the gold more completely, in a shorter time, and at less expense than by any mode of treatment that has hitherto been attempted. Numerous trials have been made on refractory ores and tailings, which, when treated by the ordinary processes, have only yielded a small proportion of their gold, and in every case almost the whole of the gold was extracted. Practical men who have seen the process in operation have expressed their opinions that it is well adapted for the treatment of refractory ores, tailings and concentrates, and that the machinery is effective and simple, and not liable to get out of order. The following are some of the trials made:

Ore from.	Pres. Extr'd. oz.dwt.gr.	Per cent o dt. gr. extr'ctd
Shelba Mine tailings, Transvaal	2 7 21	2 5 17 96
Mixed lot ore, Transvaal	1 8 22	1 2 20 97
Day Dawn P.C.quartz, Queensland	6 9 23	6 6 8 97
Day Dawn P.C quartz, Queensland	1 2 7	1 2 0 —
Day Dawn concentrates, Queensland	1 2 6	1 1 2 97
Sweetland quartz, S. Africa	0 16 5	0 15 20 95
City and Suburban quartz, Transvaal	12 10 10	12 1 16 95
Crown ore, New Zealand	3 16 0	3 11 7 94
Transvaal Gold Exp. Co., quartz	1 10 11	1 8 0 93
Transvaal Gold Exp. Co. tailings	0 7 8	0 6 4 85
Mount Shamrock tailings, Queensland	0 8 17	0 8 9 93

The cost of treatment of this process is only about 6s. per ton for reagents in this country, part of the reagents being recovered and used over again. Of course, in treating gold ore abroad the carriage of the reagent has to be added; but even in a country so inaccessible as the Transvaal it is estimated that the cost will not exceed 20s. per ton. Acid sulphate may be used in this process, which is a harmless salt, and may be packed in barrels, and taken to places where it would be difficult, if not impossible, to convey sulphuric acid. The quantity of tailings accumulated and being produced in Australia, the United States of America, the Transvaal, and elsewhere is enormous. In Johannesburg district of the Transvaal alone it is so great that it would take several large works to deal with them all. The mines are close together and the tailings rich. There are over 100 mines crushing thousands of tons per month, the tailings often containing as much as half the gold originally present, and this is at present entirely lost. When poor tailings have to be treated they will first be concentrated to from 2oz to 4oz. per ton. It is proposed to form a company to work the Pollock process, and to commence operations for erecting a work at Johannesburg capable of dealing with about 30,000 tons per annum, for which there will be an abundant supply of tailings of over 1 oz. per ton. The cost of erecting such a work will be about £10,000, and it is estimated that it will produce 30,000 oz of gold per annum, worth £120,000, so that after allowing an ample margin for royalty to be paid on the tailings treated the profit must be large.

The various stages of the process may be shortly described without going into unnecessary detail. With the exception of a very few ores, the ore requires first to be roasted, and after cooling is ground into powder. A quantity of it, together with 2½ per cent. of bleaching powder and 5 per cent. of bi-sulphate of soda, is then placed in an iron cylinder, lined with lead, and lined inside of that again with wood. The next proceeding is to connect the cylinder with a hydraulic pump, the pressure is pumped on till the indicator shows a pressure of 100 lbs. to the square inch, and the cylinder is then rotated slowly for fully half an hour. By this time the contents of the cylinder have become partially liquid, and the liquor, which contains the gold in solution, is drained off and allowed to settle for a night. The gold has now fallen to the bottom, and has the appearance of a muddy substance. The clear liquor is then syphoned off, and the gold is obtained pure, and is fused into bars when in sufficient quantity. For conducting operations on the scale of 100 tons of ore per day, it is calculated that the plant required would be four roasting machines and 12 cylinders, each cylinder being about three feet in diameter and six feet long and holding a charge of one ton. The liquor, on passing from the chlorinator, would pour into a filter and then run into a large vat, where it would be allowed to settle. Next morning the clear liquor would be syphoned off into a second vat, and finally pass through a charcoal filter, which would arrest any of the precious metal which might escape from the first vat. The gold would be allowed to remain in the settling vat until the end of each week, when it would be fused into bars. Each cylinder would be able to put through eight charges per day, and the tanks would be capacious enough to contain the liquors from these charges, so that the work could go on continuously. It may be mentioned that the ore used in the experiment on Friday was Barberton Transvaal ore, which is very rich. There have been a great many attempts to use chlorine in gold extraction, with varying success, but the difficulty has always been to get the chlorine to dissolve the gold in a reasonably short space of time. About twenty-four years age a system of extracting gold by chlorine was introduced, but as it took from two to four days to complete, it was found so expensive that it never came into general use. An improvement on this was made by Mears, of America, who pumped chlorine gas into the cylinder. A later invention, and that most in favor at the present time, is that of Newbery and Vautin, but even this process takes from two to four hours. Still, so successful has this Newbery and Vautin method been that the company working it have paid so high a dividend of 25 per cent. for nine months. The feature of Mr. Pollock's system is the use of hydraulic pressure, which can be generated very easily, and which enables him to chlorinate in from half an hour to an hour, while the high pressure he uses gives him a larger percentage of gold. In cases of pure tailings it would not pay to work the process on anything less than half an ounce per ton, and as some tailings contain only 2 dwt. per ton, concentration has to be resorted to. Such tailings can readily be concentrated up to one, two, or three ounces per ton, and the process of concentration is very cheap. In many gold-yielding countries there are large quantities of refractory ore which are not worked because of the impossibility of extracting any material portion of the metal. In dealing with this class of ore the process is in the highest degree successful, and its general adoption would in all probability lead to the opening up of large mines for the working of this so-called refractory ore. About 20 different ores from South Africa, Victoria, Queensland, and New Zealand, have been experimented upon, and Mr. Pollock has been equally successful in them all. When it is stated that no fewer than 141 gold mines are in operation at Johannesburg and 107 at Barberton, it will be seen that the field for operation is almost unlimited.

CARIBOO TEST WORKS.

TO THE EDITOR OF THE TIMES:

SIR,—When the facts of any case are against a stubborn man he is sure to be against the facts. The general truth is aptly illustrated by the action taken by H. Watt in relation to the Cariboo Test Mill. The second meeting called to determine the location at which Lightning, Grouse and Mosquito Creeks were represented, was almost unanimously against him; still he persists in an unreasonable opposition. Were he a wise and prudent man, or had he even the welfare of the district at heart, he would have brought himself into harmony with public opinion and endeavored to carry out the public wish. H. Watt is not veracious when he states that he was as much opposed to giving L. M. C. any undue advantage, as Mr. Ferguson, for he was not only in favor of giving that company undue advantage, but at the first meeting advocated the right of the company to purchase the test works at the end of two or three years, thus depriving the district of that which is essential to its prosperity. We acknowledge the correctness of H. Watt's resolution, but we maintain he said one thing and did another, for when he moved the resolution at the first meeting he either knew the conditions of the proposal made by L. M. C. to the Government or he did not know them. If he knew them then he was in favor of putting the Test Works under the control of a private company, for the conditions not only gave the L. M. C. undue advantage, but great control and also the right to purchase the works at the end of two years. If he did not know the conditions then he was a cat's paw in the hands of the Company in order that they might control the works. H. Watt says: "I cannot understand why they (the two members) and some of the people here were afraid to allow a full and free discussion of the proposition made by the Island Mountain company." And yet he himself acknowledges that the conditions of the proposal were not known. How can any matter be discussed unless the facts of the case be known. The people might just as reasonably be asked to make brick without clay as to discuss the subject referred to without a knowledge of the whole facts. We quote his own words: "I do not know what these conditions are; they have never been authoritatively stated in public." Then he adds: "And yet they should have been before the second meeting was asked to pass." But at the first meeting should not the conditions have been made known to the people before they were asked to assign their right and privileges to a private company. Moreover, the fact that H. Watt moved a resolution and delivered two or three speeches to induce the people to adopt it, while at the same time he was ignorant of those conditions, only shows the audacity of the man. For no man is justified in tampering with the rights and privileges of the miners, much less a man whose itch for publicity is greater than his knowledge of mining. For he is not a miner, he is so little interested in mining that he does not possess a miners' license, yet he wishes to rule the miner, the mines and the two members of the Legislature.

Any one that has read H. Watt's letter attentively will acknowledge that he is more of a quibbler than a reasoner, for at the second meeting some of the conditions of the proposal were made known, but he ignored them, regarding them as unworthy of consideration simply because they were from memory, which is a mere quibble. Upon the same grounds H. Watt's letter should be rejected, for most of the statements it contains are from memory. The fact of the matter is just this, the conditions that were known only exposed the designs of H. Watt, which up to that time had lain hidden behind his plausible resolution, and as he could not deny them he quibbles or endeavors to evade them. A fact is a fact, whether told in the street or on the house-top, but under the quibbling art it soon looses its identity and becomes a mere street rumor.

The resolution passed at second meeting appeared in THE TIMES, and there was ample opportunity afforded H. Watt to ventilate his views upon the subject, but he did not embrace it.

If H. Watt has not been successful in transferring the test works to a private company, he had the honor of delaying the work which will be some consolation to his wounded vanity.

GEORGE FERGUSON.

[Note—Owing to pressure upon our space, we have abbreviated above slightly. Ed.]

Retail Markets.

The markets during the past week have been steady, the supply equal to the demand. Wheat and flour taking a sudden all at once with a tendency to a rise.

Wheat, $35.00 per ton; Oats, $20.00 per ton; Barley, $30.00 per ton.

Ronisch Pianos.

We have a consignment of these renowned great pianos on the way of new designs and request intending buyers to wait and examine them before buying. Ronisch pianos have now been ten years in use in B. C. and give universal satisfaction. C. A. LOMBARD. *

Arrived!

Bass XXXX Ale (Lamb's Wool) at the Occidental Hotel bar. *

—Fresh Oysters at the New England Bakery. Delivered to all parts of the city. Telephone No. 161. *

A Warning.

The modes of death's approach are various, and statistics show conclusively that more persons die from diseases of the throat and lungs than any other. It is probable that everyone, without exception, receives vast numbers of tubercle germs into the system and when these germs fall upon suitable soil they start into life and develop, at first slowly and is shown by a slight tickling sensation in the throat and if allowed to continue their ravages they extend to the head, causing catarrh. Now all this is dangerous and if allowed to proceed will in time cause death. At the onset you must act with promptness; allowing a cold to go without attention is dangerous and may lose you your life. As soon as you feel that something is wrong with your throat, lungs or nostrils, obtain a bottle of Boschee's German Syrup. It will give you immediate relief. *

A Success.

The French Hotel, under the management of the well known epicure, Mr. Escalet, is meeting with excellent success. All speak in glowing terms of the cuisine. The place to get the best dinner in town. Meals at all hours during the day. *

Fruit Jars and Jellies.

Mason's Porcelain Lined Cap and Mason's Improved Gem Jars, in pints, quarts and half gallons; also Tin and Glass Top Jellies, all sizes, at lowest prices, at John Weiler's, Fort street. *

New Autumn Dress Fabrics.

A complete line in single and double width goods just received at the City House. *

R. A. Anderson & Co.

Real estate, insurance and collectors. Correspondence solicited; 112 Cambie St., Vancouver, B. C. *

—For the largest and best assortment of FURNITURE, CARPETS, CROCKERY, GLASSWARE, LAMPS, &c., go to J. SEHL, Government Street, where you are sure to get suited in style, quality and lowest prices. *

AUCTION : SALE

—OF A—

VALUABLE FARM!

I am instructed by J. J. RUSSELL, Esq., to sell by Public Auction on the land known as "STRAWBERRY VALE FARM," situated at the head of Victoria Arm.

On Monday, Oct. 8, '88,

AT 12 O'CLOCK, NOON.

The Farm comprises 682 acres, more or less, all under fence, and a number of acres under cultivation. The property is the following distances from the following points, viz., Victoria Post Office by public road, 4 miles; by water, 3 miles; from the Esquimalt-Nanaimo Railway, and Esquimalt Sawmill site, 1 mile; by water, a half mile. It has a good water frontage at the head of the Arm. On the property is some valuable Pine and Oak Timber. The Farm will be sold in three pieces. The land will be correctly surveyed and sold according to the survey of Mr. Rainsh, which will be a guarantee of correctness. Plenty of fresh water can be obtained from Springs on the property, and a stream runs through the land at the North end.

STOCK.

5 Brood Mares, all in foal by the well known stallion "Frank."
22 High Grade Cows and Heifers, and several cows will calve before the day of sale.
1 Pedigreed Berkshire Boar.
1 Thorough Bred Shropshire Ram and 70 Ewes, all young.
2 Unbroken Geldings raising 3 year old.
1 " " " 2 " "
3 " Fillys " 2 " "
3 " Colts, and a quantity of poultry.

A number of Farming Implements, all of the latest improved kind and nearly new. All the necessary outfit for a first-class dairy. Wagons and wagon harness, plows and plow harness, dump-carts, spring carts, two-seated buggy, American extension top, and double harness. Lot of hay and oat straw.

Still growing in the ground—Potatoes, carrots and mangolds.

TERMS.

Half the purchase money can remain on mortgage at a reasonable rate of interest.

Ten per cent. of the purchase money must be deposited with the Auctioneer on the day of sale, and the balance of the purchase money when the deeds are completed, and the deeds must be at purchaser's expense.

THE TITLE IS GUARANTEED.

Should the purchaser of the property not be the purchaser of the crop, cattle and implements, then he must give the purchasers of those 30 days to remove the same without any charge. Should the one person buy all them, one week must be allowed the present owner to remove that which is not advertised.

se6 W. R. CLARKE.

BURNES' BLOCK.

OFFICES having all the modern conveniences attached, to let in the Burnes' Block, fronting new Court House. Apply to HEISTERMAN & Co. Real Estate Agents, Bastion Square. se21

FOR SALE.

A DESIRABLE FAMILY RESIDENCE 10 rooms. 120 feet frontage on Yates Street above Cook Street. For particulars apply to BROWN & WHITE, Government St. mai6 tf

NOTICES.

NOTICE TO THE PUBLIC.

I HAVE THIS DAY DISPOSED OF THE Stock and Goodwill of my business to HENRY WALLER, and takes this opportunity of thanking the public for their kind patronage and trust they will extend the same to my successor.

ARTHUR HOLMES.

All persons indebted to the above are requested to pay the amount of their indebtedness at the store, and all persons having claims against him must send them in.

I beg to inform my friends and the public that I have purchased the first-class Stock of Clothing and Gents' Furnishing Goods of Arthur Holmes and hope to merit a share of the public patronage.

HENRY WALLER,
70 Yates Street.

The new Fall Stock of Clothing has been carefully selected from the best markets in Canada, America and England. aug30 1w

"Land Registry Ordinance, 1870."

Part of Lot No. 180, in the City of Victoria.

A CERTIFICATE OF INDEFEASIBLE Title to the above mentioned part of said Lot will be issued to Felix Lelaire, on the 29th day of September, 1888, unless in the meantime a valid objection thereto be made to the undersigned, in writing, by some person claiming an estate or interest in said part of said Lot or some portion thereof.

Registrar-General.

Land Registry Office, Victoria,
28th June, 1888. jo28 3m

NOTICE IS HEREBY GIVEN that, 60 days after date, we intend making application to the Hon. the Chief Commissioner of Lands and Works for permission to purchase 5,000 acres of land, situate on Queen Charlotte Island, and described as follows:—

Commencing at a post on the south side of Skidegate Bay, nearly opposite the land owned by the Queen Charlotte Coal Co.; thence south 180 chains; thence east 240 chains; thence north 240 chains, more or less, to the south shore of Skidegate Bay; thence following the shore line of the Bay in a westerly direction to the point of commencement.

JAMES PELLS, R. P. RITHET, J. FREDK. PELL, R. A. S. MORLEY, Victoria, 19th June, 1888.
B. H. JOHN. HY. MOSS. JNO. IRVING. JAMES DEANS. jly13

"Land Registry Ordinance, 1870."

Subdivision No. 2, of Lot 5, of Suburban Lot No. 11, Esquimalt District.

A CERTIFICATE OF INDEFEASIBLE Title to the above mentioned Subdivision will be issued to William Charles White, on the 16th of November, 1888, unless in the meantime a valid objection thereto be made to the undersigned, in writing, by some person claiming an estate or interest in said subdivision or some portion thereof.

CHAS. J. LEGGATT,
Registrar-General.

CITY AND PROVINCE.

—Largest spring chickens of the season at Beauchamp's, Yates street.

—The sailing day of the steamer Maude (for Queen Charlotte Islands) has been changed to Tuesday, Oct. 9.

—One trial of Mother Graves' Worm Exterminator will convince you that it has no equal as a worm medicine. Buy a bottle, and see if it does not please you.

—Major-General Middleton will inspect the B. C. Garrison Artillery this evening at the drill shed, James Bay. The batteries will parade at 8 o'clock in field day order.

—A large party of blackjackets from H. M. S. Espiegle went to Goldstream today on the 'bus Young America. They passed through the city with flags flying and were determined to have a good day's outing.

—An excellent programme has been prepared for the social entertainment of the Y. P. L. A. to be held this evening in the schoolroom of the Pandora Street Presbyterian Church.

—The *Guardian* says when the Victoria-New Westminster railway scheme is carried out Victoria "will continue to sustain her claim to be the first commercial city of the province."

—The Victoria Building Society held their first drawing last night for an appropriation of $2,000. Ald. Geo. W. Powell was the lucky holder of share 198, which was drawn by a young lady from the audience.

—**Ross & Ceperley, Real Estate and Insurance. C. P. R. Co.'s lots for sale; correspondence solicited. P. O. Block, Hastings street, Vancouver, B. C.**

—Ayer's Sarsaparilla was the first successful blood medicine ever offered to the public. This preparation is still held in the highest public estimation both at home and abroad. Its miraculous cures and immense sales show this. Ask your druggist for it.

—An item in this morning's *Colonist* states that the remains of the late Thos. Drudy will be interred in Ross Bay cemetery on Saturday. The funeral will take place at Esquimalt to morrow afternoon; the remains will be interred in the naval cemetery, Esquimalt.

—We stand corrected, although the correction was not worth the time and space of our contemporary. Gen. Middleton and the officers of the Garrison Artillery and of "C" Battery were Col. Prior's guests at the Union Club Wednesday evening.

—The WEEKLY TIMES is the best paper in British Columbia. It also enjoys the largest circulation within the province and is the only medium through which all the people can be reached. Sent to friends at a distance it is better than a weekly letter and more welcome. Try the experiment.

What's In a Name?

There is nothing like a high reputation for your goods. This was probably never better illustrated than it was last evening on the streets. A little boy, who was hired by the hour to either sell or give away a certain reprint publication issued from one of the back streets, became disgusted with his job. No one would patronize him and even declined with thanks when he offered to give the goods away and throw in a chromo if they would take them. At his wit's ends to make some show to his employers for what they paid him, he hit upon the happy expedient of passing the papers off under an assumed name, and at once commenced shouting "DAILY TIMES, DAILY EVENING TIMES." The result was that within a few minutes he had sold the remaining nine of the ten copies he had left the office with, but the little rogue brought down the angry purchasers upon THE TIMES' office, and they threatened to have the manager arrested for practicing a fraud upon the public.

Marine Notes.

The British bark Alice Muir, from Bernard Inlet, arrived at Melbourne previous to Sept. 28th.

British ship Star of Italy, from Vancouver, arrived at Sydney on August 12th.

The steamer North Pacific will relieve the steamer Potter as soon as she is fitted up. The Potter will go on the dry dock at Esquimalt for coppering and as soon as she is finished the Olympian will go on the dry dock for general repairs.

A Mystery in Our Midst.

Mrs. Samson and medium of wide and enviable reputation, and who has been expected in our city, arrived here yesterday, and will commence giving sittings on Monday, Oct. 8, at the Clarence Hotel Reception Room. Office hours from 10 a. m. 2t.

Buggy Tops.

A consignment of Buggy Tops, of the latest improved description, just received. Call and see them. J. MESTON.

An Opportunity Opened.

Those persons who tell the editor "how to run his paper," should apply for positions in Cornell university. A school of journalism is to be established in that institution, and instructors may be needed.

Speedy Trial.

The prisoner Stewart, charged with cutting and attempted robbery, applied to the Chief Justice to-day for trial under the Speedy Trials Act. His request was granted and Thursday next was fixed for the trial.

Incoming Passengers.

San Francisco, Oct. 5—The following passengers are aboard the steamship Umatilla for Victoria: A D Watson, W D Morroman, W H Ellsworth, H P Mellish, Thos J Perryman, M Hicks, M Copeland and wife, J R Regan, and Mrs W Madden.

Not Wisely, But Well.

A Detroit dispatch says: James W Brown, the bigamist, last evening was sentenced by Judge Gardner to four and a half years in the state prison. He had twenty-three wives, seven of whom were present yesterday when sentence was passed.

Death of Rev. Mr. Green's Son.

Nanaimo, Oct. 4—Bertie Gilbert, second son of Rev. A. E. Green, of Naas River Mission, died here this afternoon, aged 6 years. The family had been here on a visit and were returning by the Boscowitz, but the little boy was taken ill, so that that they staid over. He was a favorite with every one and a bright little fellow.

The Smallpox Scare.

Theories are being advanced to account for the outbreak of smallpox in the Surrey district. One is that a man named Thos. Fielding caught the disease from a fellow passenger between here and Vancouver and carried it to the Walworth family. Fielding himself was the first to take sick. Up to the time he went to Surrey he had been living in Seattle.

Change of Programme.

Theodore Hedland, late of the barque Alden Besse, and a member of Cosmopolitan Lodge, I. O. O. F., died of pneumonia at the Marine Hospital yesterday. A telegram received from Oakland this morning directs that the remains be forwarded there by the steamer to-morrow. Consequently the funeral announced for Sunday from the Odd Fellows Hall will not take place.

The British Columbia Directory.

A new directory is now being compiled for the province of British Columbia. It will contain full descriptions and reliable information of the various places, besides an accurate list of the residents, &c., a personal canvass having been made by Thomas Draper. Owing to the large increase in the province, the volume will be at least double the thickness of previous years. Publishing offices, R. T. Williams, 28 Broad St., Victoria.

Opium on the Umatilla.

The steamer Umatilla, which arrived at San Francisco on Monday from Victoria, was supposed to have opium on board, but after a careful search nothing was found. Before daybreak, however, Night Inspector Harrington heard a splash in the water, and on investigating found 200 five-tael boxes of prepared opium floating there. A search of the vessel resulted in no trace of the smugglers. The opium is valued at $1200.

The Right Time.

Probably there is no period in life more important for the mental and moral training of youths than that between eight and seventeen years of age. If the spring-time of life is well employed, good results may be expected in after years. No better preparation can be afforded boys in this province than that which may be obtained at Corrig School, which is already largely patronized, and which is weekly increasing in number.

From the North.

The steamer Barbara Boscowitz arrived at 9:30 o'clock this morning from Naas and Skeena rivers with the following passengers: Miss Hunt, S A Spencer, Alert Bay; Rev Mr Stephenson, Metlakahtla; Messrs Davidson, Stapleton, and Stewart, Inverness; Mottke and Camer, on, Queen Charlotte Island. The Boscowitz brought 230 barrels of salmon from the H B Co's salting establishment at Naas river; 2900 cases of salmon from McLellan's cannery for R Ward & Co; 1900 cases from Spencer's cannery, Alert Bay, consigned to T Earle, and 1900 cases from the Inverness Cannery for J H Turner & Co.

The Evening Paper.

The Vancouver *World* says: "The evening paper always catches the news. This is only natural. The day's happenings are always more interesting than those of the night. Situated as we are on the Pacific Coast, considering the difference in time, it must be remembered that the day's doings from the text of the evening paper's dispatches." Just so, the evening papers publish news, the morning papers print history. In the long autumn and winter evenings what better home companion than the evening paper. It is an entertaining friend which has always something new and seldom or never fails to call round.

Resignation of Capt. Bailey.

Very many Ontarions and Lower Canadians in this province, must have pleasant memories associated with the above St Lawrence River steamboat captain. Mike Bailey, who has been steamboating since early in the forties, was one of those men who could be trusted with any amount of money, whether in coin or a valuable steamboat and her priceless cargo. Of high birth and lineage, he was always the perfect gentleman, as well as a trustworthy officer. The writer remembers him as far back as 1854, when he was purser of the big 400 feet boat between Quebec and Montreal, the "John Munn." Since then he has been captain on almost all the Upper Canada mail boats, but is forced to give up his beloved occupation, suffering from a cancer in his neck. Even to the shores of the Pacific, this sad announcement elicits the sympathy of his friends.

AGRICULTURAL BANQUET.

A Splendid Spread—Speeches by Those Present—Toast List.

The annual dinner of the B. C. Agricultural Association was held at the Clarence hotel last evening. The number present was not large. An excellent collation was spread under the superintendence of Mr. Archd. Reid, which did credit to the famous hostelry. President Higgins occupied the chair, the Lieut-Governor sitting to his right and the Provincial Secretary and Mayor to his left.

After the usual toasts to the Queen, the Royal Family and the Governor-General had been drunk in flowing bumpers the health of the Lieut-Governor was proposed by the president of the Agricultural Association.

Governor Nelson on rising to respond was received with loud cheers. After expressing his pleasure at being present, he said it was perhaps truly claimed that British Columbia was not an agricultural country, but it could not be denied that agriculture had made a great deal of progress in this country during the past few years. We did not look to the exporting of produce to bring a large amount of money into the country. On the other hand we looked to our mines and forrests for a revenue and we look to the farmer to supply us with what we want in his line in order that the money may be kept in the country. (Hear, hear.) With a few other appropriate remarks His Honor concluded.

Mr. John Boyd proposed the "Army and Navy" and in doing so expressed the belief that they were as able to hold their own against the world as ever. Mr. Boyd concluded his speech with the following quotation from Burns:

"Does haughty Gaul invasion threat?
Then let the loons beware sir;
There's wooden walls upon our seas,
And volunteers on shore, sir.
The mith shall run to Corsincon,
And Criffel sink in Solway
Ere we permit a foreign foe
On British ground to rally."

Major Peters did not know whether he represented the army, navy or volunteers. (cries of "all"). The speaker proceeded to tell what he knew about agriculture. To begin with he had taken a prize at a local baby show (laughter). Size in New Brunswick at that time was not a necessary element in success. Intelligence and a good appetite counted before anything else (laughter). For himself what he lacked in intelligence he made up in appetite (laughter). The Major made a very humorous speech which was well appreciated. Capt. Palmer also responded in suitable terms to this toast.

W. H. Ladner, Esq., proposed the health of the President of the B. C. Agricultural Association, with the statement that he had known him for thirty years and he was one of the few who, the longer he knew him the better he liked him. Mr. Higgins made a suitable response.

Hon. John Robson proposed our "industrial interests." These, he said, were an unborn child in the womb of maturity. The speaker in early years had been engaged in the industrial pursuit of splitting shingles and making pickets and shipping them down to Victoria (laughter). He had since that time watched the progress of events and was pleased to note a more expeditious mode of manufacture and also that the article was quite as good as that which he had the honor to produce. He referred to the rapid development in the past and expected to see it doubled within the next two years (hear, hear). He thought it was the duty of every man to make farming attractive and profitable to those engaged in it.

Mr. A. C. Wells, of Chilliwhack, and W. H. Ladner responded to the toast. The latter made a characteristic speech. The lumber interest, he said, had been a good deal extolled to night; but he would remind his hearers that when the lumber was gone the revenue from that source was at an end. On the other hand, in agriculture, while we had the industry to till the ground and sow the seed, we would have a crop.

Mr. E. Hodgson, of Nanaimo, spoke to the toast claiming that it was the poor agriculturist and not the rich owner of land in B. C. that had done what they could to promote exhibition. He would like to see the government of British Columbia more liberal with farmers. The farmer should get the land free.

Mr. W. J. Pendray, being called upon, made a few happy remarks on the subject of industrial pursuits.

Letters were read from Major-General Middleton and the Mayors of the sister cities regretting their enforced absence.

"The Local Legislature and Legislative Assembly," was proposed by Postmaster Shakespeare, who designated the present administration as the most liberal the province ever had.

Hon. John Robson, J. H. Turner, W. H. Ladner, Esq., and Mayor Grant, responded.

Vice-President Harris proposed the Mayor and Council.

Responded to briefly by the Mayor who said the Council however much they might disagree worked for the interest of the city.

Vice-President McTavish proposed "Our Guests." Responded to by Major Peters.

Mr. Shopland proposed the health of the press. Briefly responded to by representatives of THE TIMES and *Colonist*.

Mr. D. Ker proposed the ladies. Responded to by Mr. Spencer, jr. After a toast to "our host" the company sang "God Save the Queen" and dispersed.

PERSONAL.

Items Telling of the Movements of Well Known Persons.

W P Jaynes, of Quamichan, is at the Clarence.

Sidney Oppenheimer of Vancouver is in the city.

Mrs D W Higgins has returned from Harrison Hot Springs.

J Huntley and Mrs Huntley, of Vancouver, arrived last nigh.

R P Rithet and R Seabrook returned from Enderby last night.

W Hayward, real estate man of Vancouver, is at the Clarence.

J S Clute, collector of customs, New Westminster, is at the Driard.

C B Townley, assistant superintendent of the C. P. R., at Vancouver, is at the Driard.

Thos. Cunningham, of New Westminster, is attending the agricultural exhibition in the city.

G F Baldwin, Treasurer of Vancouver and a former attachee of THE TIMES, came down last night. He returns on Sunday.

Mrs Jno T Galbraith, of "The Close," Esquimalt, left to-day for Dallas, Texas, to visit relatives. She goes via Portland and San Francisco, and will return next spring.

W. C. T. U. Convention.

The Provincial W. C. T. U. of British Columbia will meet in its fifth annual convention in this city October 8th, 9th and 10th. There will be a morning and evening session, opening at 10 a. m. and 2 p. m. each day. Public meetings will be held each evening, when interesting programmes will be presented. Good music will be furnished by prominent leaders. All sessions are open to the public and a cordial invitation is extended to all to attend. 03-4t

Black Dress Materials a Specialty.

Ladies who wear Black from choice will always find the most varied selection at the CITY HOUSE.

OUR TOWN MAJOR.

Agricultural Show—Judging Beer—Baby Show—Natural Products.

The Major took a stroll through the Agricultural Exhibition. The number of exhibits 'tis true, is not large, nevertheless they are well worthy of a visit from anyone having the welfare of the country at heart. Some say that the number of entries is as large as former years; others say no. If not so large, then there must be some cause. Some say there's no use in exhibiting, and others assert that the judgments are biased. The arrangements and classifications are excellent, but the prizes are not large. Yet the Major would be very sorry to lay the cause of apathy at the door of pecuniary gain. As to the mode of awarding the prizes, it were better perhaps to have strangers from the outside. As an example, take the article of beer. There was ex-Mayor Fell, and Messrs. Haywood and Gordon judging that article. They were so long in coming to a decision that they had to call on the Major for his opinion. The whole caboodle might have been judging yet, only that the beer, not the judges, gave out. Now, what did that outfit know about beer? If it had been "spirits," "muffins," or a "boodling" Aldermen, they might have been competent enough, but beer! But they judged well enough as to quantity, paying little attention to quality.

What a lot of fancy pigeons—beautiful creatures, every one of them. How nice and fine the "points"; how edifying the lecture of Prof. Perrin on the species at large, and his own in particular, he—But what is the use of saying anything about him—he never reads THE TIMES: too orthodox for that.

Viewing the big potatoes, the big turnips, the big squash, a person would hardly believe the land grabber's yarn, "that the country was good for nothing." The Major does not believe it for one. It is high time that such talk should be put down. It is a cry gotten up for a purpose.

Where are the exhibits of our city and provincial industries? Where are the engines of our builders? Where are our furniture manufacturers, our saw mills, planing mills, sash and doors, cigar makers and a host of others too numerous to mention? Is this the interest people take in upholding the industrial exhibitions of the country? Is this the way to advertise? A nice how do you do, had your Governor-General came to see your handiworks. There was plenty of room, gentlemen, and the invitations were issued. So you have no excuse except the universal one, "Oh, it's no use; why bother; we didn't do it before," &c.

The absence of a great many of our home industries induced the Major to look for what was there. He found the B. C. matches, the Belmont leather, some candles, Pendray's soap, and the babies—but no, not the babies—and yet they are a leading industry. Who are the judges of this latter important article? Will Mr. Higgins, the generous donor of the $10, act as judge? No, of course not; he'll stand by and smile, chuck the babies under the chin, wink knowingly at the nurse, as much as to say you've got the price of a ton of coal within reach. That the donor is a good judge of babies' nutriment must be acknowledged, for hasn't he sucked the paps of governments, Grits and Tory, ins and outs all the same, for many years.

Talking of native industries, we have many that might have put in an appearance. Would-be Senators, office-seekers, "boodlers," the *Colonist* moralist, traducers, Government street cads, and snobs from off the Hills or bay, gentlemen of leisure who shuffle and take in the flats, supporters of vice, Sabbath breakers and a host of other, too numerous to mention.

The Major will be glad to see his fair friends, the ladies, patronize the show. They will, he hopes, be a good exhibition in themselves, the embodiment of grace, modesty and good taste. By-the-by, why is the whole field of flowers left to professional growers? Why not have had separate prizes for the working man's window garden, and the private conservatory. THE TOWN MAJOR.

ROYAL

BAKING POWDER

Absolutely Pure.

This powder never varies. A marvel of purity strength and wholesomeness. More economical than the ordinary kinds, and cannot be sold in competition with the multitude of low tests short weight alum or phosphate powers. SOLD ONLY IN CANS. ROYAL BAKING POWDER Co. 106 Wall Street, New York.
